

RECOMMENDED PHOTOGRAPHERS – if you need photos first!

Check in with these awesome folks below and ask for any agency specials. They often run seasonal discounts or offer mini-sessions for reduced costs. They have no affiliation with us aside from we are familiar with the quality they produce and respect their abilities to produce awesome work. We will often post specials on our Facebook page. Some photographers travel a bit (or it may be worth it for you to travel to some of them). **It is YOUR job to check with photographers about pricing, what is included, etc and see who best fits your needs. We only suggest based on quality of photos, timeliness, feedback from parents/clients, etc. and not on price.**
